5 SIGNATURE(S)

I authorize the fund and its transfer agent to establish the SWP as indicated on this form. I understand that payments will be made by redeeming the appropriate number of shares in the account at the current net asset value, including any applicable fees. I acknowledge that redemptions for the purpose of satisfying the SWP may reduce, or even deplete, the account. I further acknowledge that if the amount remaining in the account is not sufficient to meet a SWP payment, the remaining balance will be redeemed and the SWP will be terminated. I understand that once the SWP is terminated, simply investing additional funds will not reinstate the SWP and that I may also terminate the SWP by calling the toll-free number at the top of this form, or by submitting a request in writing. I agree to the additional details and conditions pertaining to the SWP contained in the prospectus and Bank Information section of the New Account Application. Wells Fargo Funds, Wells Fargo Funds Management, LLC, affiliates, and subcontractors—as well as the officers, directors, employees, and agents of these entities (collectively, "Wells Fargo")—will not be responsible for banking system delays beyond their control.

I acknowledge that: the cost basis method on file will apply to the redemption of covered shares (shares acquired on or after January 1, 2012), excluding money market fund shares, and information required by the IRS will be reported on my Form 1099-B; if I have not elected a primary cost basis method prior to the redemption of covered shares, the average cost method will be applied; with the exception of the specific lot identification method, noncovered shares will be depleted prior to covered shares; and if I elected the specific lot identification method as my primary cost basis method but have not elected a secondary method, the first-in, first-out method will be applied to my covered shares.

You must sign here to complete this request. A Medallion Guarantee may also be required.
